International Safety Products

International Safety Products Ltd. is the world's largest manufacturer of inflatable marine lifejackets and a leading manufacturer and supplier of survival equipment.

We use the very latest in textile technology and pursue an innovative design philosophy, ensuring production of safety equipment capable of performing to the highest standard in the most extreme of conditions.

Seamate HRU VE-1

The innovative ‘state of the art’ Seamate HRU (hydrostatic release unit) is now available to buy direct from ISP.

Seamate HRU is small and fits all SOLAS liferafts from 6 up to 150 persons. There is also a model for EPIRBs.

A unique feature of the Seamate HRU is that it only needs to be replaced every three years during the standard service of the liferaft and does not require any maintenance or spares.

As the Seamate HRU is small in size it takes up the minimum of space and is quick and easy to fit.

The easy handling procedures keeps the logistics and replacement costs of the Seamate HRU to an absolute minimum and ensures the shortest possible downtime.

The Seamate HRU is approved by DNV for both SOLAS/MED (Wheelmark) and USCG.

Specifications

Every Seamate HRU is tested according to USCG Regulations and IMO standards.

Wheelmark Approved by DNV Module B & D according to Regulations & Standards & Council Directive 96/98/EC

SOLAS 74 as amended, Regulation III/4, III/13, III/26, III/34 and X/III, LSA code IMO MSC/CIRC 811 and 2000 HSC code 8.

Packaging

Every Seamate HRU comes single packed in a box with a clear English instruction manual.
