## The Mk IV High Visibility Load Carriage Waistcoat

### Purpose

The hard wearing, robust, load carriage waistcoat for Emergency Services personnel is based on the highly successful ISP Mk II Tactical Waistcoat design, which is now in use in over 50% of the UK's Armed Police Units.

The Mk IV high visibility garment provides excellent load carriage capabilities and supreme comfort to the wearer.

Designed to be worn as a snug fit to ensure safe load carriage and aid good posture.

The innovative pocket attachment method ensures security of equipment, easy access when required and peace of mind to the user. This modular design allows future equipment upgrades to be easily and cost-effectively accommodated.

### Features

- Flexible design - demountable pockets
- Shoulder and side adjustment – one size fits all
- Zip closure pocket
- A wide selection of pockets available
- High visibility mesh
